

## **POSITION FOR QA/QC ENGINEER**

**Jord International Pty Ltd** is seeking to recruit a QA/QC ENGINEER for one of its Divisions.

The position requires previous experience in a similar industry environment and proven record of ability to successfully handle QA/QC aspects of projects, large and small. The successful candidate will need to show understanding and commitment to meeting high standards in Quality Assurance and Control, with emphasis on Customer Service, and strong Team Work with a "Can Do" attitude within the Organization.

The Candidate shall meet the following requirements

### **Compulsory Requirements**

- Tertiary formal education, with a background in Mechanical or Metallurgical engineering
- Citizen or Permanent Resident of Australia, or with a full time working Visa.
- Proficient in verbal and written English
- Available to work full time
- Minimum 3 years experience as an engineer in a related industry
- Minimum 2 year experience in a related QA/QC role in engineering project or manufacturing environment for Pressure Vessels to AS1210 and ASME VIII codes
- Working knowledge of Pressure Vessel manufacturing and welding codes, ie AS3992, AS4558, ASME IX
- Ability to prepare and review Pressure Vessel quality documentation, ie Quality Plans, ITP's, WPS/PQR, NDT and other related procedures.
- Able to travel overseas occasionally for temporary assignments (mobility)
- Hands on approach and ability to work on fabrication shops and yards.
- Reside or able to relocate to Sydney where the position is based.

### **Desirable Requirements**

- Australian Standards/ASME Welding Inspector Certification
- Experience in design, procurement and fabrication of Pressure Vessels to AS1210 and ASME VIII
- Working knowledge and implementation of ISO9001 standards
- Working knowledge of MS Project (or similar project management software)
- Computer literacy with MS Word and Excel
- Familiarity with CAD software
- Chinese language, Mandarin or Cantonese

To apply, the candidate shall:

- Forward his Resume to the attention of the Operations Manager at **arandradec@jord.com.au**
- Supply a one page check sheet, with narrative if necessary, where the candidate will confirm compliance or comment in respect to both, the Compulsory and Desirable requirements listed above.
- Indicate the level of Remuneration desired.
